

# DELO® HEAVY-DUTY AUTOMOTIVE GEAR OILS (AGO)

## Transition Reference Guide

As a leader in heavy-duty axle and transmission lubricants, we are highlighting our full line of axle and transmission fluids and their respective names and product codes along with showcasing previous names for any older inventory in the market.

### Product Transition Reference Table

Chevron's new naming convention was launched in March 2014, with a rolling transition on inventory. Listed below is a recap of the changes to continue to help with older inventory transitions. New product introductions are **bolded in blue text**. Previous and newly-named products are compatible and can be mixed with no performance loss.
