Grease Points, Rods, Pins & Bearings

Delo Grease ESI
Delo Grease EP

Wheel Bearings

Delo Grease ESI
Delo Grease EP

Coolant System

Delo ELC Antifreeze/Coolant
Delo XLC Antifreeze/Coolant

*Severe duty applications typically have lower drain intervals relative to other duty cycles. See OEM recommendations for drain interval recommendations.

The product recommendations provide general guidelines for use in buses. All manufacturers have different coolant and lubricant requirements and recommendations. It will be important to contact a Chevron representative or refer to the Original Equipment Manufacturer manual to confirm the proper product is used for the application. You may contact our LUBETEK organization (800-LUBE-TEK) for confirmation of specific OEM specifications.
